**Presentation: U.S. Army Corps of Engineers Philadelphia District:
A Tradition of Responsiveness and Reliability**

Since 1866, the men and women of the U.S. Army Corps of Engineers Philadelphia District have proudly served the nation and the Delaware Valley, managing water resources, building facilities for the Army and Air Force, and providing engineering and environmental services for other agencies. We serve more than nine million people across portions of Delaware, Maryland, New Jersey, New York and Pennsylvania. But our reach extends around the world with our support to Overseas Contingency Operations.

All engineers, family, and friends are welcome!
